**Dear UAS Family,**

The Universal American School has done its best during one of the most difficult years in our 45 years of existence. The UAS Administrative Team, staff and faculty put forth an enormous effort which resulted in the recognition by the two top accrediting bodies of an outstanding performance! They acknowledged our commitment to provide quality education while also adding new experiences and skills and together with you as our partners, we have succeeded.

UAS demonstrated its educational leadership within Kuwait, and to the world, by being the first school to adapt to eLearning within Kuwait at the outset of the pandemic on March 1, 2020. Throughout this year, we remained determined to continue with our re-accreditation process without postponement. We were thoroughly evaluated by The New England Schools and Colleges (NEASC) as well as The Council of International Schools (CIS) with a Virtual External Visit. We put our student's interest at the forefront knowing that this accreditation would open many doors for them not only in the Middle East but more importantly, around the world. Our students know we care deeply about them and their futures as we send them into the world as proud members of the UAS Family.

**We are pleased to announce that The Universal American School, Kuwait has been reaccredited by both the New England Schools and Colleges (NEASC) and the Council of International Schools (CIS).** We have been congratulated on an excellent performance and have been recognized as "pioneers in our region and globally".

We take this opportunity to thank the entire UAS Community for making this possible.

Sincerely,

**Nora Al Ghanim**
