Intense Disinfecting & Cleaning

Dear UAS Community,

To date, the Universal American School, Kuwait has been providing in-person learning for several weeks. According to the UAS Health and Safety Guidelines, Volume 3, it is time to schedule the mandated eight-week disinfecting protocols as per the Ministry of Health (MOH) and the Ministry of Education (MOE) School Health Department's Precautionary Measures and Procedures. As the winter season is approaching Kuwait, deep disinfecting is even more in demand to ensure the safety of the entire UAS Community. The Universal American School, Kuwait is always ensuring to deliver high standards of health and safety measures, and in doing so the UAS Maintenance and Housekeeping Teams will be conducting a thorough disinfecting and cleaning of the entire UAS school campus. **To facilitate the amount of work, Wednesday, November 24th the school will be closed. Therefore, this day will be added to our Fall Break, Thursday, November 25th, which will end on Saturday, November 27th** and **classes will resume on Sunday, November 28th at the regularly scheduled time.** We thank you for your continued support and cooperation in adhering to the health and safety guidelines set forth for the entire well-being of the UAS community.

Kind Regards,

Nora AbdulAziz Al Ghanim
Owner/Director

Joan Khaja
Superintendent
